Apple Valley Vision

539 South 100 West | Payson, UT 84651

ACKNOWLEDGEMENT OF RECEIPT OF HIPAA PRIVACY LAW

In the course of providing service to you, we create, receive, and store health information that identifies you. It is often necessary to use and disclose this health information in order to treat you, to obtain payment for services, and to conduct healthcare operations involving our office. Our Privacy Policy describes the uses and disclosures in detail. Apple Valley vision must make its notice available in hard copy format to any person who asks for it.

REFRACTION FEE

The part of your evaluation that determines your prescription is called a "refraction." Routine vision benefits such as VSP, Eye Med, or Medical Eye Services, typically include this with your exam benefits. Some medical insurances, namely Medicare, may not cover this fee. The fee for refraction is $35.

SPECTACLE CANCELLATION and/or REMAKE POLICY

Each pair of glasses is custom crafted for each patient. *We require a deposit of 50% on all eyeglass orders before they will be submitted. The remaining balance will be due at the time of delivery. Any cancellations after lenses have been ordered will be billed at 50% of retail. At the doctors' discretion, patients who are not satisfied with the vision in their new glasses will have their prescription adjusted at no cost, within 45 days of the original purchase date. Any patient who fails to adapt to their new lenses will have their prescription remade one time into a lens of their choice at no additional charge. Refunds are not available after 30 days on all lenses. However, there is an option for in office credit or a refund to the same card previously used.

THE CONTACT LENS PROCESS

***Contact lens evaluation services are not included as part of a normal ROUTINE EXAM. These are considered distinct procedural services* and additional fees apply.** **Most soft contact lens fees range from $40 to $150, specialty lenses up to $1500.** Fees are customized according to the complexity of the case and the predicted time necessary to care for the individual patient. *Evaluation fees cover the following: fitting, training, sample cleaning solutions, two months of follow up care as well as disposable trial lenses, until the prescription is finalized.* Specialty lenses (soft and rigid) and office visits outside the initial two-month period are not included and will be billed accordingly. Much like glasses, contact lens materials require additional fees. If allowed, insurance benefits will be applied toward contact lens purchases.

- Our contact lens warranty includes exchange of unopened, clean boxes of contact lenses if your prescription changes during 1 year after purchase, or if for some reason you are dissatisfied. All gas permeable contact lenses have a 60-day warranty.
- By Signing below, I am giving consent to receive my contact lens prescription electronically. Hard copies granted on request.

FINANCIAL DISCLAIMERS

We will attempt to verify your insurance eligibility for services and or materials before your appointment. Verification of eligibility is done as a courtesy only and is not a guarantee of payment. If I have medical insurance or routine vision benefits, I authorize my plan carrier to directly pay Apple Valley Vision. I also authorize Apple Valley Vision to release any information required for payment. **It is the patient's responsibility to know their insurance coverage, and relay that information to the office staff**. Any fees not covered by insurance will be billed to the patient. **Please remember that insurance is considered a method of reimbursing the patient for fee paid to the doctor** and is not a substitute for payment. Some companies pay fixed allowance for certain procedures, and others pay a percentage of the charge. It is your responsibly to pay any deductible amount, co-insurance, or any other balance not paid by your insurance.

If my insurance does not pay, or partially pays, I understand I am responsible for the payment in full or the remaining balance. This includes any collection fees, court costs and attorney fees incurred in collecting the balance. There is a $30 fee for returned checks. A 1.5% monthly (18% annual) fee will be added to all accounts not current, i.e. After 30 days there may be a $5.00 late fee added each month if payment is not made. Balance must be paid in full by the end of the 120-day period or your account will be turned over to our collection agency. The undersigned specifically agrees to pay all reasonable attorney fees and court costs in the event legal action is taken to collect on an account. The undersigned further agrees to pay an additional amount representing up to 40% of the principal balance if the account is referred to a collection agency or attorney for collections. This additional amount is in recognition of the cost associated with said collection action processing.

I acknowledge that I have received or have access to Apple Valley Vision's Notice of Privacy Practices and agree to all office financial policies written on this form:

PT INITIALS / ID ______

DATE ______

This questionnaire is meant to help your doctor understand what you're experiencing on a regular basis — whether it's caused by your eyes, posture, stress, etc. Your responses will help make sure you receive the best care possible.

How often do you experience any of these symptoms? Fill in applicable circle. For example: 1 ○ 2 ○ 3 ● 4 ○ 5 ○

Headaches

- You get headaches of any severity each week (even just a dull ache counts).
- Your headaches tend to get worse later in the day.

1	2	3	4	5
Never	Rarely	Sometimes	Very Often	Always
○	○	○	○	○

Stiffness / pain in neck / shoulders

You experience stiffness/tension in your neck/shoulders when you work at a computer or read (this might even be from your posture).

1	2	3	4	5
Never	Rarely	Sometimes	Very Often	Always
○	○	○	○	○

Discomfort with Computer Use

Your eyes get tired, burn, or get red easily when you work at a computer for long hours.

1	2	3	4	5
Never	Rarely	Sometimes	Very Often	Always
○	○	○	○	○

Tired Eyes

Your eyes feel increasingly fatigued/tired as the day goes on.

1	2	3	4	5
Never	Rarely	Sometimes	Very Often	Always
○	○	○	○	○

Dry Eye Sensation

Your eyes progressively feel more dry/sandy/gritty while working at the computer or reading.

1	2	3	4	5
Never	Rarely	Sometimes	Very Often	Always
○	○	○	○	○

Light Sensitivity

Bright / Strong lights (vehicle headlights, fluorescent lights etc.) bother you.

1	2	3	4	5
Never	Rarely	Sometimes	Very Often	Always
○	○	○	○	○

Dizziness

You experience dizziness, motion sickness, or vertigo.

Never	Rarely	Sometimes	Very Often	Always
○	○	○	○	○

Additional Notes

Any additional notes you'd like to add: ______

______

Age-Related Macular Degeneration (AMD) Risk and Symptom Assessment

AMD is the leading cause of vision loss among older Americans. It is a progressive condition that causes a part of your retina called the macula to deteriorate with age. The macula is responsible for your central vision, which allows you to do things like read, watch TV, recognize faces and drive.

Risk factors for AMD

There are several factors that may increase your risk of developing AMD, including the ones listed below. Check all that apply:

- ☐ 50 years of age or older
- ☐ Current or past smoker
- ☐ Family history of AMD
- ☐ Overweight
- ☐ Caucasian (white)
- ☐ Heart disease, high blood pressure and/or high cholesterol

Since poor night vision is a common symptom of AMD, we use the AdaptDx device to measure the number of minutes it takes you to adjust from bright light to darkness. This number is your Rod Intercept™ (RI) and it can help us detect AMD at its earliest stages. The test is non-invasive and takes 5-10 minutes to complete.

Early symptoms of AMD

Before any structural changes can be seen in the back of your eye, you may experience the following early symptoms. Check all that apply:

- ☐ Difficulty seeing in the dark
- ☐ Difficulty navigating at night
- ☐ Difficulty reading in dim light
- ☐ Other night vision problems (please specify) ____________________
